

| Local London Authority Council | What vape collection solutions are you planning to invest in over the next 12 months? |
|---|---|
| Islington Borough Council | We have no plans to provide any collection or recycling points |
| Camden Borough Council | Not looking to invest in vape recycling facilities over the next 12 months |
| The Royal Borough of Kensington and Chelsea | N/A |
| Wandsworth Borough Council | <p>1. Plans to introduce a network of c.20 small WEEE recycling banks with funding support from Material Focus - advised that we should not encourage residents to deposit vapes in them by the likely collector (ERP)</p> <p>2. Kerbside/household collection solutions</p> <p>3. Materials Focus funding also covers the introduction of recycling facilities for small WEEE in local libraries - it is currently anticipated that these will be able to accept vapes, subject to fire risk</p> |
| Tower Hamlets Borough Council | Not looking to invest in vape recycling facilities over the next 12 months |
| Southwark Borough Council | Not looking to invest in vape recycling facilities over the next 12 months |
| Hammersmith and Fulham Borough Council | N/A |
| Westminster Borough Council | Via the monthly Community Mobile Recycling Centre |
| Lambeth Borough Council | Kerbside/household collection solutions – as mentioned, this is already in place |
| The City of London Council (The Square Mile) | N/A |
